DATA CONVERSION INTO EPIC

Epic will replace many of UMass Memorial Health Care's (UMMHC) current systems. To ease the transition to Epic, some data from those systems will be converted into Epic. This means that providers and staff will have data readily available once Epic goes live on October 1, 2017.

The Epic Data Conversion Work Group, comprised of providers and staff from across UMMHC, is in the process of finalizing the type and amount of data that will and will not be transferred into Epic from current systems (see tables below). It's important to note that, per Epic, UMMHC is converting more data than many of its other Epic clients.

**This document will be updated as more information is finalized/determined. Please check Epic Central for updates.

TYPE OF INFORMATION	IN SCOPE?	LOAD METHOD	SYSTEM(S) OF RECORD	RANGE OF DATA (REQUESTED)
FUTURE APPOINTMENTS				
Simple Future Appointments	YES	Utility to Cadence	IDX	10/1/2017 onward
VISITS/ENCOUNTERS				
Ambulatory Encounter Visits	YES	HL7	Allscripts	7/1/2007
Hospital Encounters Visits	YES	HL7	MEDITECH	7/1/2007
RESULTS				
General Lab Results	YES	HL7	Metricom	7/1/2007
Microbiology Results	YES	HL7	Metricom	7/1/2007
Pathology Results	YES	HL7	MEDITECH	All
Pulmonary Function Tests	TBD	HL7	Collins nSpire	TBD
Cardiac Results (ECG, Stress and Vascular)	YES	HL7	Muse ECG/Stress, VascuPro	7/1/2007
Cardiac Results	TBD	HL7	DMS/ECHO	TBD
GI, MOHS Results	YES	HL7	ProVation	7/1/2007
Bronchoscopy Results	TBD	HL7	ProVation	TBD
Manually Entered Results (Colonoscopy, Pap Smear)	YES	HL7	Allscripts	1 year
Blood Transfusions (antibodies, antigens) – including Rhogam and Blood Type	YES	HL7	MEDITECH	Active
Transplant Results	YES	HL7	TeleResults	7/1/2002

DATA CONVERSION INTO EPIC

TYPE OF INFORMATION	IN SCOPE?	LOAD METHOD	SYSTEM(S) OF RECORD	RANGE OF DATA (REQUESTED)
IMAGING RESULTS				
Radiology Results (textual result & Image Available Link)	YES	HL7	ImageCast PACS link to AGFA	7/1/2007
